Dear Senator:

I am writing this letter as a supporter of the Lewis and Clark Center in Nebraska City, NE. This outstanding interpretive center is a valuable asset to this region of the Louisiana Purchase as well as historical significance in this area of the country. There is continued need for financial support for this outstanding center.

Much effort has been exerted at the center by staff and personnel to maintain and demonstrate the valuable flora and fauna of the Lewis and Clark era. This center has become a widely recognized resource commemorating the Lewis and Clark expedition. I urge its continued support.

Sincerely,

Roger R. Wehrbein
